	Cert	ificate of F	lame	Resista	nce	
Registered Fab Concern Numl C-1000	ber				Date trea 3/8/2019	ated or manufactured:
This is to cer nonflamma	rtify that the materials descri ble.	ibed on the reverse side ha	ive been treate	ed with a flame-reta	ardant chemic	cal or are inherently
FOR:	REVELRY Inc		ADDRESS:	3604 Medfor	rd St.	
CITY:	Los Angeles		STATE:	CA		
Certificatior	approved and registered	n the reverse side of this Ce d by the State Fire Marshal	and the applic	ation of said chemi	ical was done	
	The articles described or approved and registered with the laws of the State	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules	and the applic and Regulation	ation of said chemi ons of the State Fire	ical was done Marshal.	in conformance
	The articles described or approved and registered with the laws of the State Name of chemical used:	n the reverse side of this Ce d by the State Fire Marshal of California and the Rule Safe T Guard	and the applic and Regulation	ation of said chemi ons of the State Fire Chem	ical was done Marshal.	in conformance
	The articles described or approved and registered with the laws of the State	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules	and the applic and Regulation	ation of said chemi ons of the State Fire Chem	ical was done Marshal.	in conformance
	The articles described or approved and registered with the laws of the State Name of chemical used: Method of application:	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules Safe T Guard Spray (Saturation n the reverse side are mad for such use.	and the applic and Regulation) Two Pass e from a flame	ation of said chemi ons of the State Fire Chem es -resistant fabric or r	ical was done Marshal. nical Registratio naterial regist	n #:
(a)	The articles described or approved and registered with the laws of the State Name of chemical used: Method of application: The articles described or	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules Safe T Guard Spray (Saturation n the reverse side are mad for such use.	and the applic and Regulation) Two Pass e from a flame	ation of said chemi ons of the State Fire Chem es	ical was done Marshal. nical Registratio naterial regist	n #:
(a)	The articles described or approved and registered with the laws of the State Name of chemical used: Method of application: The articles described or by the State Fire Marshal Trade Name of flame-resista	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules Safe T Guard Spray (Saturation n the reverse side are mad for such use.	and the applic s and Regulation) Two Pass- e from a flame 200 yards of P	eation of said chemi ons of the State Fire Chem es e-resistant fabric or r	ical was done Marshal. nical Registratio material regist Registrati	n #:
(a)	The articles described or approved and registered with the laws of the State Name of chemical used: Method of application: The articles described or by the State Fire Marshal Trade Name of flame-resista	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules Safe T Guard Spray (Saturation n the reverse side are mad for such use. ant fabric or material used: ¹ ,	and the applic s and Regulation) Two Pass e from a flame 200 yards of P Will	eation of said chemi ons of the State Fire Chem es e-resistant fabric or r	ical was done Marshal. nical Registratio material regist Registrati	n #:
(а) (b) Еdga	The articles described or approved and registered with the laws of the State Name of chemical used: Method of application: The articles described or by the State Fire Marshal Trade Name of flame-resista The Flame Re	n the reverse side of this Ce d by the State Fire Marshal of California and the Rules Safe T Guard Spray (Saturation In the reverse side are mad for such use. ant fabric or material used: ¹ , etardant Process Used	and the applic s and Regulation) Two Passive from a flame 200 yards of P <u>Will</u> (will/will not)	eation of said chemi ons of the State Fire Chem es e-resistant fabric or r	ical was done Marshal. nical Registratio material regist Registrati	e in conformance
