*Tania Sarin's bridal shower was the epitome of elegance*

With only seven weeks until her wedding, Tania Sarin has shared pictures of her chic, all white-themed bridal shower. Lavish floral displays and meticulous details brought the event to life at Hotel Bel Air's picturesque Swan Lake.

On her special day, Tania Sarin chose a vintage archival Thierry Mugler Couture set from 1985 – a cute white suit

adorned with silver accents. She elevated her ensemble with a chic hat by Gladys Tamez, crafted from white straw with a gold veil. She completed the look with Jimmy Choo kitten heels and Bulgari earrings, adding an extra layer of grace and elegance.

The venue's serene waters and lush surroundings provided a breathtaking backdrop for the event, with elegant white swans gliding by.

Guests were treated to intimate and heartfelt moments, and Dior Beauty gift bags, adding a touch of luxury to the special day.

Tania finished the day with an outfit change, choosing an elegant silk dress by Loewe paired with orange Loewe slides. Featuring earthy hues, the dress harmonised with the colour palette of the exquisite flowers and the lakeside setting. If this is the bridal shower, we can only expect great things from the wedding itself.

*We can all thank Domenico Dolce's dog, Fefé, for acting as muse for the new scent*

From **private jets** just for pets to **gourmet grooming products**, we've seen it all when it comes to pampering our four-legged family members – but Dolce&Gabbana is taking it a step further, having just unveiled... a perfume for dogs? Yes, you read that right.

Inspired by Domenico Dolce's dog, Fefé, the Italian fashion brand has debuted a new mist catering specifically to canines. DGFefé is comprised of delicate, warm notes – think ylang ylang, musk, and undertones of sandalwood – and is Safe Pet Cosmetics certified, which means the juice has undergoing tests and meets standards comparable to human cosmetics.

---

It was crafted considering dogs' skin sensitivities, and its formula is completely absent of any alcohol-traces. Of course, it wouldn't be a Dolce&Gabbana fragrance without a hint of splendour. Showcasing the brand's colours, the mist is contained in a green lacquered bottle adorned with a red cap and a 24-carat gold-plated paw print.

Each purchase of the mist includes an exclusive dog collar with a customisable tag for personal engravings, all together retailing for Dhs396.

Dolce&Gabbana has assured that the animals' safety was protected during the campaign , and none were mistreated.
